PUBLIC NOTICE

It is brought to the notice of General Public that due to increase in consumption of water during the summer season and to maintain sufficient pressure of the water supply, the general public is hereby prohibited from wasting of water during morning hours in between 5:00 AM to 9:00 AM for the following activities failing which the strict legal action shall be initiated against the user:-

- i. Washing of vehicles and courtyards with drinking water during morning supply is strictly prohibited.
- ii. Watering of lawns during morning supply hours is totally prohibited.
- iii. Installation of pumps and motors directly-on-lines is strictly prohibited as it causes low water pressure in the area and can lead to contamination of potable water. If the booster pump is found installed directly on water line, the same shall be removed and forfeited.
- iv. Any washing station operating without proper authorization be sealed immediately along with disconnection of water supply.

The residents / general public is hereby advised to comply with the above directions. Violation of activities as mentioned above will attract a penalty of Rs 5,000/- each for the first time violation.

On subsequent violation, the water connection will be disconnected with an additional fine of Rs 5,000/-. Further, the restoration of water connection shall be allowed only on depositing of aforementioned fine with disconnection and reconnection charges of Rs 1,000/-

The above orders shall come into force with immediate effect.
